

## RUN STARTED ON BIG 'FRISCO SAVINGS BANK

No Reason Known for Alarm; Has Thirty Millions in Deposits.

SAN FRANCISCO, Sept. 11.—For some unknown reason some of the depositors of the Hibernia Savings bank started a run on the bank today. The Hibernia is the biggest savings institution on the Pacific Coast. It has \$6,000,000 depositors, and the deposits amount to over \$30,000,000. The bank has always been noted for its conservatism and is regarded as a strong institution. When the run started today, police were called to keep the people in line and depositors were paid off as fast as they applied for their money. Five paying tellers were kept busy and no advantage was taken by the bank of its rules requiring notice before a deposit could be withdrawn. Joseph Tobin, one of the officers of the bank, stated that he knew of no cause for the run. He said the bank was able to pay all depositors who applied for the money, and that the crowd in front of the bank would be paid off before the close of business today.

### "GOOD-BYE, DOLLY GRAY."

Author of Popular Ballad a Visitor in Zion.

The author of "Good-bye Dolly Gray" is in town. He has written other songs, in fact he pleads guilty to a hundred or two, but this song is the one which made him famous. In fact, as a financial success, it ranks third in America today, the other two being "After the Ball" and "Sweet Marie." Only for a chance remark he would have escaped notice, because he hates "Dolly Gray." The author is Paul Barnes, the clever monologist at the Orpheum this week, who writes all his own songs, if he does not sing them. "Guilty, my lord," he responded when asked with the commission in his dressing room last night, "I wrote 'Dolly Gray,' but it did not bring me much in the end, because I let my royalties accumulate at the firm, and when I had about \$14,000 coming the house went into bankruptcy and it was 'Good-bye Dolly Gray' for keeps. That was when I was on the Orpheum circuit out West two years ago. The boys were old pals of mine, and I was sorry to see them go under. Yes, I have written verses ever since I was a kid. When I went to a military academy back in Pennsylvania it was years truly who was called upon to furnish the lyrics for the literary paper printed at the school. In later years I wrote more until I guess I have written a couple of hundred songs that have been printed. I have only been guilty of writing one song, though, aside from 'Swinging on the Golden Gate,' 'It Is Buzzin' Around,' 'When the Little Girl Comes Along,' the hit of Schubert's big production, 'The Earl and the Girl,' is another of mine that is going strong."

Mr. Barnes is now engaged in gathering local data to write verses for his new song, "Never," which he sings, and for which he claims he has written over 100 verses. This song he sang at a dinner given by E. H. Harriman at the New York mansion of the latter at Forty-fourth street and Fifth avenue last February. Mr. Harriman, prior to the function, coached Barnes on some of the idiosyncrasies of his guests, with the result that his song was the cause of great and abiding hilarity.

### BUT ONE CLOUDY DAY

Precipitation Below Normal Last Week; No Frost Reported in Utah.

The regular weekly weather bulletin, issued by the local bureau for the week ending Monday, has the following to say of the weather for Salt Lake and the State for the seven days previous:

"The first week of the month was characterized by generally fair, warm weather. There was but one cloudy day, and the temperature averaged about five degrees above the normal for this time of the year. Following the passage of the heavy, general storm of the latter part of the previous week, came a brief spell of cool weather, but in no case did the temperature fall dangerously low, nor was there any sign of frost reported. Clear skies up to Friday permitted unusually high maximum temperatures in the daytime, to which the abnormally high mean temperatures were principally due. Reports indicate that the nights were pleasantly cool everywhere. The partial cloudiness at the close of the week had no marked effect on the temperature records; the mean values continuing well above the normal."

"The precipitation was generally below the normal for the week. Friday was a densely cloudy day over nearly all the State and during this period most of the rainfall occurred. In some localities intermittent drizzles of rain were recorded, while in others, only a few drops were reported. A very small number of stations also reported a trace of rain on Thursday. Considering the small amount of precipitation, it was quite general, although some districts in the southern part of the State were dry throughout the week. Notwithstanding the small amount of precipitation this week, the supply of irrigation water was not lessened, and it was still abundant in all districts. Reports from scattered localities indicate more or less damage caused by the heavy rains near the close of last week."

### A LETTER TO OUR READERS.

53 COTTAGE ST., MELROSE, MASS.

DEAR SIR:

"Ever since I was in the Army, I had more or less kidney trouble, and within the past year it became so severe and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote, asking for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only a short time."

I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine some of my water today, and he pronounced it all right and in splendid condition."

I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers I am, Very truly yours,

I. C. RICHARDSON."

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### LOST!

You laid your head in my arms, dear, In the morning's purple glow; You held my heart in your little hand In the twilight, long ago. I knew that I held an angel, Then turned to the soul you had wakened, For you came but a moment, darling, Then went in a trail of light.

How I cried to cloud and mountain To restore my milk-white dove! How I prayed the Gods and Powers In that twilight, long ago! Then turned to the soul you had wakened, Found a message there at my feet, You had writ it in God's own language, But I could not read it, sweet.

I have knelt to the Masters, darling, I have bowed to the earth and sea, I have sought from pole to pole, dear, To learn what you said to me. I know that the Word had meaning, That you told of a Thing complete; But I cannot read it, sweet.

Shall I ever read the story Of the grand eternal Word That illumined the mystic glory Of the Marvel that I heard? In the Peace that passeth Passion Will that wondrous Voice ring clear? Shall I know the strange, sweet meaning That you died to give me, dear?
